

Continuous laminator

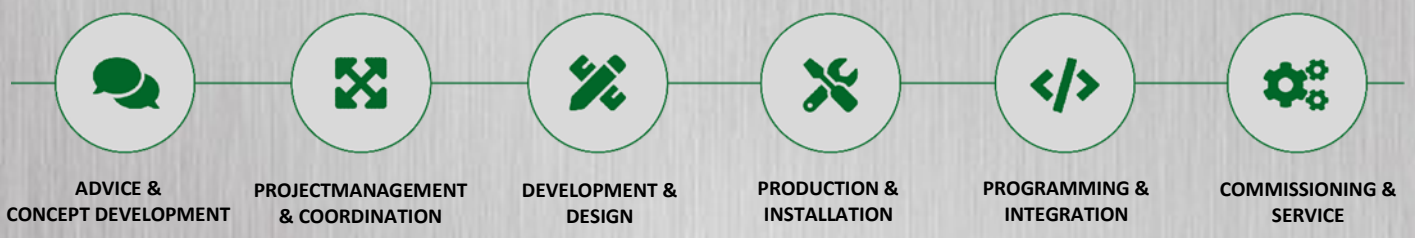

for processing profiles with
different cross sections

	Value	Unit
Dimensions (L x W x H)	6000 x 2100 x 2300	mm
Total weight	3000	kg
Nominal compressed air	6 (87)	bar (PSI)
Connection network data		
Nominal voltage	400	V/N/PE
Electrical power consumption	3,1	kVA
Frequency	50	Hz
Control circuit	24	VDC
Main fuse	20	A
Interface operator	HMI TP700 Comfort	
Control system	CPU 1515F-2 PN	

From the vision to the implementation - competence from a single source!
